## NEW SKILLS

From developing your ideas and inspiration (left) to creating a finished room, you'll gain plenty of experience and build up a portfolio of work on the KLC Open Learning Diploma.

# A CAREER IN INTERIOR DESIGN

*Take an exciting new direction with KLC's life-changing course*

**P**assionate about paint and fanatical about fabric? If, like us, the answer is yes, you could turn your love for all things *Livingetc* into an exciting new career in interior design.

KLC's Open Learning Diploma in Interior Design is a highly respected, vocational qualification that will furnish you with all the skills you need for a career in the industry. No experience is necessary and the flexible timescale means you can tailor it to fit around your work and family life.

Covering both residential and commercial design, the course uses fully illustrated, inspirational and user-friendly printed material and online resources to address every aspect of interior design from concept to creation, all backed up with the support and guidance of KLC's team of tutors. There is no time limit for completion, so you can work through the course at a pace that is comfortable for you. An achievable 12-15 hours input per week should be all the time you need to secure your diploma within 18-24 months.

The course normally costs £1,850, but with the exclusive £300 discount (see right), you will pay just £1,550 and instalment options are available. Book now and you have 28 days to consider, after which if you decide it's not for you, your enrolment fee will be fully refunded.

...and turn your inspiration into reality

## Enrol now and receive an exclusive £300 discount

For a limited time only, *Livingetc* readers can get £300 off the standard cost of the KLC Open Learning Diploma in Interior Design. Book online between 1 May and 14 June 2013 and enter the promotional code etc05 at the checkout to receive this discount. [klc.co.uk](http://klc.co.uk) (020 7376 3377).
